~~**102: DISCOVER THE WONDER AND CULTURE OF BRAZIL THROUGH THE EYES OF A WISCONSIN FARM GIRL CLASS FULL**~~

~~Having spent 25 years immersed in the heart of Brazil, Phyllis is eager to share the vibrant tapestry of a country that blends deep colonial history with a rich, diverse culture. Phyllis will share artifacts, and her experiences of setting up an orphanage, taking vulnerable children off the street and offering them a future.~~

~~Presenter: Phyllis Jo Kiel~~

103: EXPERIENCE HEALING BY USING FOOD AS MEDICINE

Chelsi is a registered dietitian and nutritionist at Spero Wellness in Chippewa Falls. Join her, and a health coach, as they help you navigate true healing through the use of food.

Presenters: Chelsi Webster and Julianne Petranovitch

104: AI AND OUR HUMANITY

Artificial intelligence, both in reality and in the dream of what's possible, captivates the human imagination. On the one hand, if AI becomes advanced enough, it could lead to our own extinction. On the other hand, if everything goes right AI and human interaction may lead to solving all significant human problems. After reviewing the above possibilities, we will turn to a question not posed often enough: even if the development and adoption of AI goes as well as it possibly can, are we still losing something irretrievable? What happens to meaning and purpose in a "solved" world?

Presenter: Matthew Meyer, Professor of Philosophy UW-Eau Claire

105: SEWING MACHINE CARE, REPAIR, AND CREATIVE FLAIR

John will teach you how to care for your sewing machine and even make small repairs yourself. He'll also demonstrate how the use of an embroidery machine can bring your creative imagination to life through fabric and thread.
